## Therapeutically Attractive

Attractive wood grain appearance to enhance the calming familiarity of a home-like environment.

## Designed for Safety

Superior to wood in infection-control and ligature, fluid, tamper, infestation and contraband resistance. Concealed anchoring.

## Durable

Structurally reinforced for superior durability, impact resistance and security.

## Maintenance-Free

Seamless one-piece construction delivers unmatched cleanability and long-term, maintenance-free performance.

## Environmentally Responsible

Recyclable polymer is made responsibly with recycled content.

# ATTENDA® SERIES

The Attenda® Collection is designed to provide the strength, safety, and cleanability required for institutional living's daily rigors — in a sleek, contemporary look. The key to Attenda's strength and durability is its advanced construction. Molded-in specially formulated, high-impact, fire-retardant polyethylene, each Attenda product is structurally enhanced for increased strength and durability.

Designed for correctional and behavioral health facilities to withstand challenging environments and provide the most durable and secure privacy booths on the market.

**SECURE • SAFE • PRIVATE**

### POPS ADA

A secure environment for a private, virtual conversation that is compliant with ADA code to provide equal access to individuals in wheelchairs.

### POPS Booth

A secure environment for one person to have privacy while virtually meeting with an attorney, healthcare provider, or attending a court hearing.

### POPS Passthrough

A secure environment for two people to have a safe and private conversation. The booth has a steel and polycarbonate passthrough window for healthcare providers to take vitals or paper passing for legal use cases.

- SOLID STEEL FRAME + PERFORATED STEEL INTERIOR
- SECURITY DOOR

- VIDEO CONFERENCE READY
- ACTIVE VENTILATION

- EXTERNAL OUTLETS, CPU STORAGE AND POWER SWITCH
- SECURITY BOLTS
